

GOLDEN APPLE ASSOCIATES BOARD

Throughout Chicago, young professionals play a vital role in the work of the local nonprofit and philanthropic community. The Golden Apple Foundation (Golden Apple) seeks active business and civic leaders, aged 24-35, with diverse backgrounds to serve on its Associates Board.

Beginning with its inception in 2009, Golden Apple's Associates Board (AB) will promote Golden Apple's mission by organizing events and other activities, targeted at other young professionals, that raise money, attract media/PR attention, and grow overall support for Golden Apple. With support provided by Golden Apple staff, AB membership will direct its own activities including special events and recruitment efforts.

Associate Board Benefits

- Meaningful and impactful work with a premier education organization in Chicago
- New and expanding network of young professionals
- Opportunity to lend your talents and plan creative events and activities
- Interaction with members of Golden Apple's Board of Directors
- Rewarding experience contributing to the quality of Chicago and Illinois' teachers

Golden Apple aims to provide manageable time commitments through its Associates Board, and encourages each AB member to dedicate her/his time in a manner that is suitable. As such, the Golden Apple AB is comprised of Board Members and an Executive Committee. While all members are expected to contribute to the organization through the roles and responsibilities discussed above, the Executive Committee will serve as the administrative body for the Associates Board, and as a result members of the Executive Committee will be expected to devote further time and resources to the Golden Apple cause.

Applicants to the Associates Board will initially be considered as Board Members; however, applicants and Board Members that are interested and able to contribute the necessary time will be considered for the Executive Committee as positions open.

About Golden Apple

Founded in 1985, Golden Apple's mission is to advance the teaching profession by recognizing excellent teachers, leveraging their thinking and efforts to improve education, recruiting and preparing prospective teachers with a special emphasis on schools of need, and providing teachers access to innovative resources.
